

Haller Brun is an Amsterdam-based graphic design studio run by Sonja Haller and Pascal Brun. After graduating in Switzerland they moved to the Netherlands where they established their own studio in 2011. They mainly work in the fields of art, design and architecture with a focus on editorial design.

The work of Haller Brun is characterized by a combination of the Swiss tradition for precision and typography with Dutch directness and playfulness. It is rooted in a deep understanding of its content and based on an appropriate and strong concept. Their visual solutions are clear and effective and always refined and carefully crafted. Several of their projects have been honoured with prestigious awards, including 'The Best Dutch Book Designs', 'D&AD Awards' and 'European Design Awards'.
